PAM ANN

Pam Ann is the creation of Australian comic Caroline Reid. She has become her most successful comedy persona with fans including the likes of Madonna. Pam Ann is an air hostess and presents the quirky and often hilarious nature of air travel with big international airlines. Caroline Reid has a whole host of other flight attendant characters alongside Pam Ann but she alone has a cult-like following and is loved for her almost camp humour and observational comedy.

Today at [Theatre Royal Brighton](#) in [Brighton](#)
